EXPERIENCE

BRIGHAM YOUNG UNIVERSITY -- IDAHO | TA Supervisor / Data Analyst
April 2026 – August 2026 | Rexburg, Idaho

- Designed Workday analytics pipeline to audit 40+ remote TAs, replacing manual tracking with data-backed accountability metrics.
- Coordinated mentorship cycles to align individual performance with team standards and boost morale.

BRIGHAM YOUNG UNIVERSITY -- IDAHO | Teaching Assistant (CSE 210)
September 2023 – Present | Rexburg, Idaho

- Built custom AI utility generating tiered code exemplars to improve student comprehension of programming abstractions.
- Applied AI-assisted grading pipeline to process 40 weekly essays while maintaining strict consistency.

LEADERSHIP

AI SOCIETY | President

- Designed workshops on prompt engineering and local LLMs; recruited tech executives for guest lectures.

COMPUTER SOCIETY | President & VP

- Organized week-long hackathon; transitioned org from logistics to technical growth focus.

PROJECTS

N-SIGHT | Full-Stack Supply Chain Toolkit

- Co-engineered nitrogen tracking app with dark/light UI and multi-language support.
- Awarded ”Most Deployable Application” at hackathon; tracked as top-2 finalist.

FACTOR | AI Competency Analysis

- Multi-way ANOVA framework evaluating LLM accuracy across foundation models.

WINGMAN | Dating Logistics Engine

- Integrated Gemini API for auto-drafted messages; deployed to AWS production.

PROFILE

Problem-solver with a multidisciplinary background in Computer Science and Statistics, dedicated to leveraging mathematical and programmatic tools across AI, data, and full-stack development. Brings a resilient, service-first mindset from multicultural environments including Hong Kong.

EDUCATION

BRIGHAM YOUNG UNIVERSITY -- IDAHO
B.S. Computer Science & Statistics
Expected Fall 2028 | Rexburg, ID
Double Major
Cum. GPA: 4.0 / 4.0

Awards:
CTE Presidential Scholar
Eagle Scout Award Recipient
Full-Tuition Academic Scholarship
TestOut PC Prep Certificate

SKILLS

LANGUAGES
Python (Polars) • C# • R
SQL • HTML/CSS • JavaScript
Dart

FRAMEWORKS & TOOLS
FastAPI • SQLModel • ML.NET
Docker • AWS • MySQL
Proxmox VE • Git

CONCEPTS
Agentic Engineering • DevOps
Prompt Engineering • OOP
ANOVA & Stats • Agile

PROFESSIONAL
Project Management • Mentoring
Leadership • Public Speaking
Multilingual (Cantonese)
